

6th Grade Spanish

This course introduces the student to the Spanish language within the context of the Spanish-speaking world and its cultures. The aim is to enable the student to attain basic proficiency in the four skills of listening, speaking, reading and writing. Basic vocabulary, simple conversation skills, and grammatical concepts are introduced. Communication skills are practiced with paired and small group activities, games and projects that encourage active student participation. Students are encouraged to create simple sentences with personal meaning. A variety of materials and strategies are used to involve all students in the learning process. Success and satisfaction in using the language are major goals.

We're confident that this will be a very successful and rewarding year for your child. Feel free to contact Señora Keating at kkeating@colonial.net or Señora Hall at atjhall@colonial.net
